

Homework - Badgers Class

Autumn 2

These are the tasks I would like you to complete each week for your homework this half term.

This also includes practising your spellings, completing a task on SPAG.com, 10 minutes of TTRS and reading at least a chapter of your book.

3.11.23	Go for an autumn walk and see how many different human and physical (geographical) features you can spot. Then record your observations in your book.
10.11.23	Research and find 6 facts about different types of rocks.
17.11.23	Write a diary entry. You can choose to write as yourself or as a character from one of your favourite books.
24.11.23	Design a poster to promote a healthy life e.g. food, drink, exercise, mental health, brushing teeth and washing etc...
1.12.23	Research and find out about the different foods that are traditionally eaten in France.
8.12.23	Choose a country of your choice and create a fact file about how they celebrate Christmas (like the Egyptian one you completed last term). Remember to use heading and subheadings and if possible, create a small glossary. Here is a useful website: https://www.whychristmas.com/cultures/ I would like you to share your fact file either with the class or in small groups
15.12.23	Create a model to show how rivers are formed.
