19<sup>th</sup> December 2025

“You are the light of the world, let your light shine!” Matthew 5-14-16

***Challenging each other, through actions, choices and words, to be our best- so we can all shine.***

Dear parents and children,

Welcome to the last edition of our school newsletter, this year.

## **School vision**

This week, our school community have been shining brightly and living the values of endurance, and compassion.

The end of the term has arrived, after what seems a very long time.

The children have demonstrated amazing resilience and have maintained their exceptional behaviour, despite all of the changes to the timetable and exciting events this week.

The adults have lived compassion in abundance with their time and support in the pantomime visit, Christmas fayre and Christmas lunch. All of these events were wonderful and could not have happened without the volunteers, Friends of Whaddon School, parents and staff. Thank you!

We are grateful for the gifts, cards and well wishes received. We have been humbled by your kindness and generosity.

## Panto

On the 16<sup>th</sup> December, we had our whole school visit to Milton Keynes theatre to see Goldilocks and the three bears. Much fun was had cheering on the hero Billy and booing the evil Blackheart. The children, as always, were excellent ambassadors of the school and we all had a wonderful time. Thank you to the staff and parent volunteers for their time and support. Thank you to Mrs Ellis who co-ordinated the event!

As this term closes and the Christmas festivities commence, we would like to thank you for the support you have give the school and the in events and activities we have held, over the year.

## A Christmas blessing

*Unite our hearts in love and understanding. Help us to forgive past hurts and embrace each other with open hearts, creating new opportunities to grow and shine.*

*May the light of love always shine in our hearts, inspiring us to share kindness with all around us and through our actions, choices and words-shine brightly- lighting the way for ourselves and those around us.*
