

## Home Learning Tasks – Set on Friday 10th May

### Return work by Thursday 16th May please

- Phonics Group 1 have Grow the Code card to practise – please keep doing this regularly.
- Please learn the spellings for the Phonics Group your child is in.
- Maths tasks are on this sheet below. Year 1 children should do Group 1, and most Year 2s should do Group 2 (you will have been told if this is not so).

Maths Group 1: Choose one or both	Maths Group 2
<p><b>Count in 5s.</b></p> <p>You will need at least 20 small items, 50 is better. (Ideas might be raisins, lego blocks, pegs, stones, sweets). Put all the objects singly into a pile and count them Put your objects into <b>groups or sets of 5</b> Start making a new pile; put in one set at a time saying: 1 set of 5 equals 5 2 sets of 5 equals 10 3 sets of 5 equals 15 Keep going until the objects run out! Take a photo or draw the sets of 5 to show your work. You can also use 5p coins to practise this counting skill.</p>	<p><b>Measuring Temperature</b></p>
<p><b>Count in 10s</b></p> <p>You will need at least 50 small items, 100 is better! (Ideas might be raisins, lego, cut up straws, stones, sweets) Put all the objects singly into a pile. Put your objects into <b>groups or sets of 10</b> Start making a new pile; put in one set at a time saying: 1 set of 10 equals 10 2 sets of 10 equals 20 3 sets of 10 equals 30 Keep going until the objects run out! Take a photo or draw the sets of 10 to show your work. You can also use 10p coins to practise this counting skill.</p> <p><i>If you can't find lots of small things, perhaps draw spots into adult-drawn circles/squares</i></p>

### Choose one or more of the tasks below:

Science (3 weeks)	Geography / Art / DT / Science (3 weeks)
<p><b>Investigating Plants</b></p> <p>Choose one or more of these practical tasks:</p> <ol style="list-style-type: none"> <li>Go on a Plant Hunt in your local area or in a place you visit. Your challenge is to find 5 plants taller than you and 5 plants shorter than you. Ask an adult to take some photos, then make a chart listing the plants in columns.</li> <li>Find out about Edible Plants! Go to a food shop and choose at least 6 fresh fruits/vegetables to buy and eat. What part of the plant do you eat: root / leaf / stem / flower? Do you like it? Make a chart with the plant, part eaten and like/dislike taste.</li> <li>Get Growing!! Ask your family whether you can plant some seeds. Sunflowers or beans are a great choice if you want a large outdoor plant – but you can quickly and easily grow cress without soil indoors if that's easier. Please take photos to show them growing in the coming weeks – you could make a Growing Diary.</li> </ol>	<p><b>In All Kinds of Weather</b></p> <p>To celebrate and investigate ALL of the types of weather we have in the UK try these challenges:</p> <ol style="list-style-type: none"> <li>Become artists and create pieces of artwork that shows 2 contrasting types of weather. So you might show a scene in rain and sun or snow and wind. You could even create models to show this.</li> <li>Investigate the different types of clothing needed for different weather. You could draw yourself or a toy dressed for different weather or even dress in different outfits and have photos taken of them!</li> <li>Be scientists and designers who use the best materials to create hats to protect a teddy or doll from sun, rain and cold.</li> </ol>
